CrisisGuard Checkpoint 7B: Measured AIMD Response to Patient Telemetry Failure

64 timestamped controller snapshots • original desktop stack • 27 October 2026 (UTC)

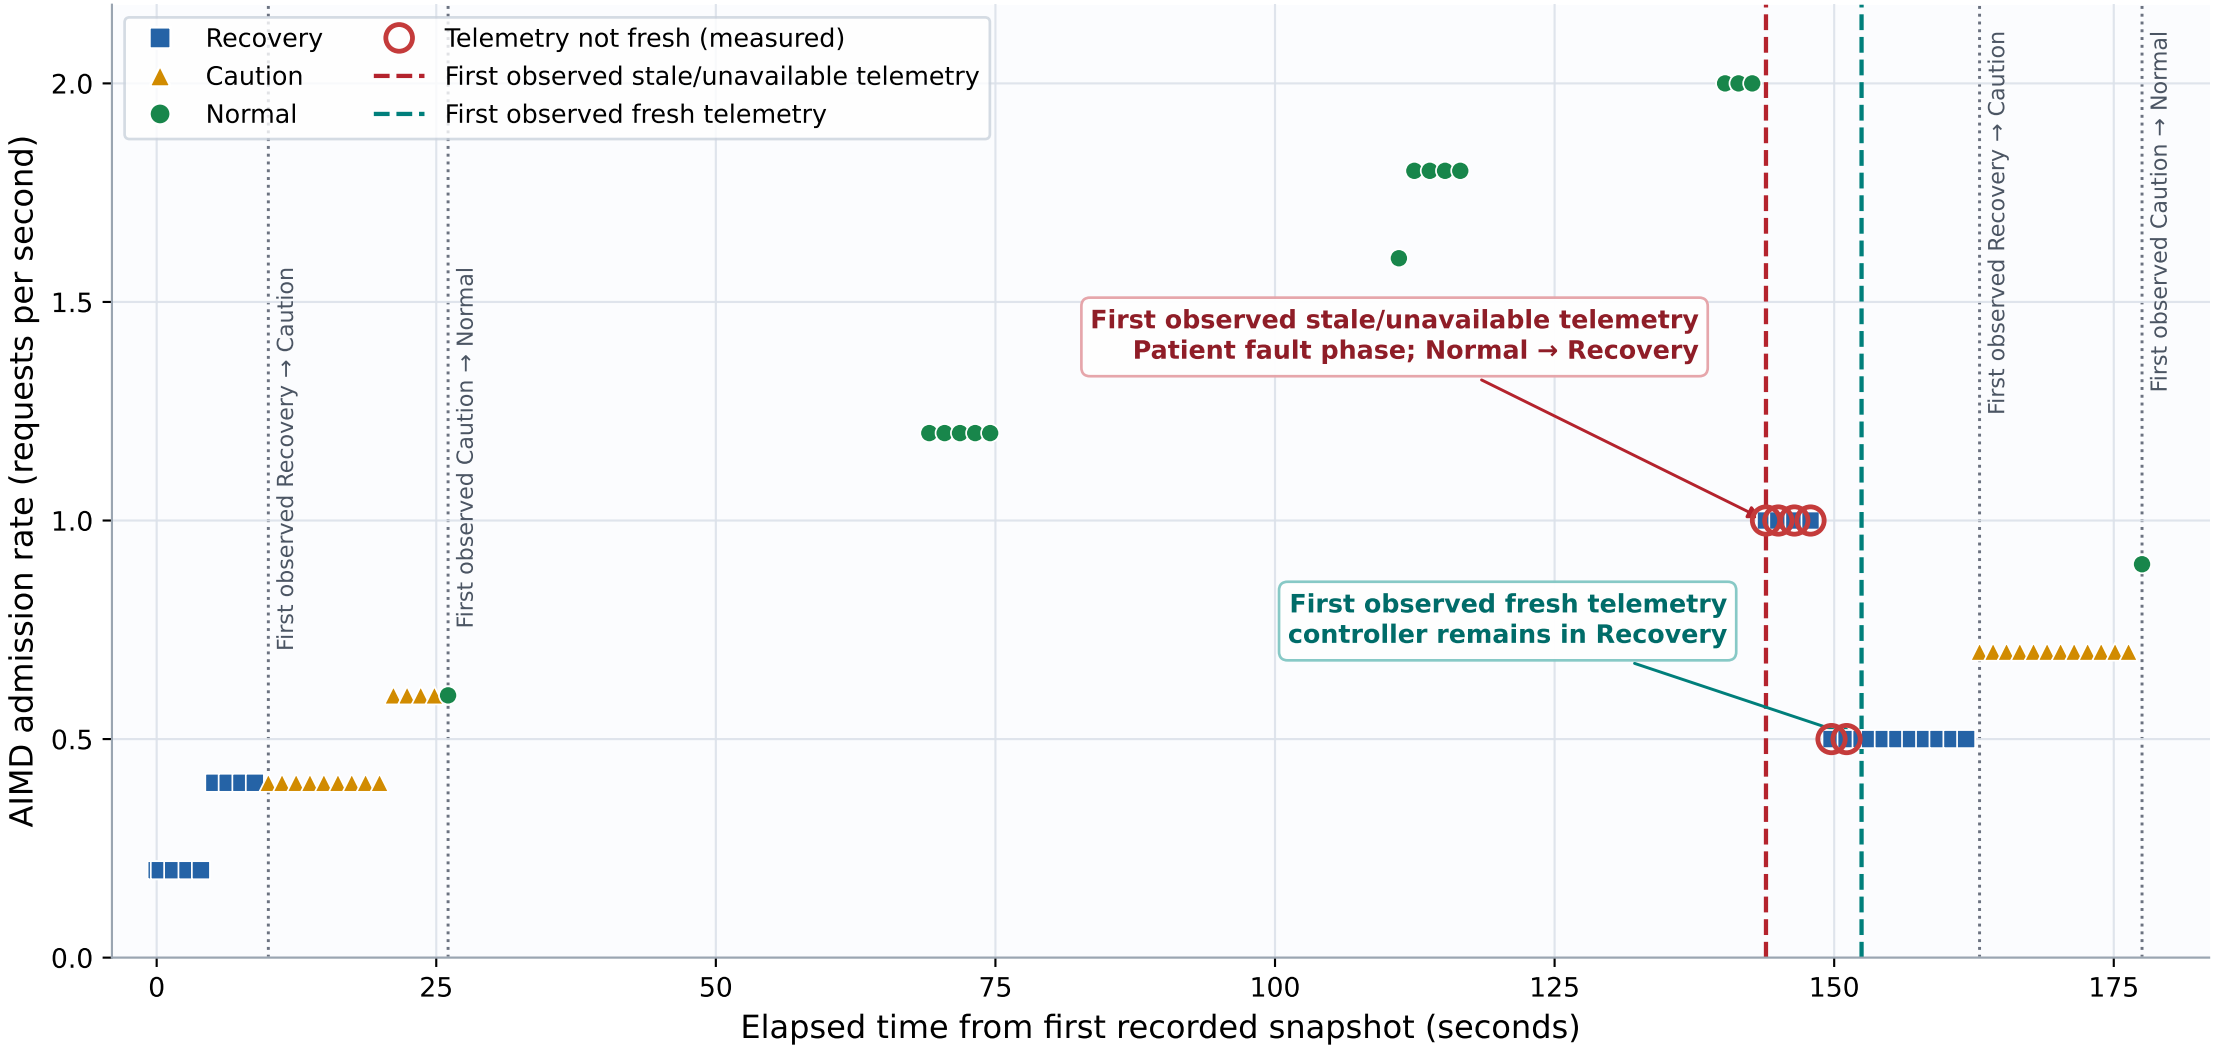

Figure 7B. Actual controller snapshots from CP7B_MAIN_20261027T144951. Markers show measured values only; no values are interpolated between observations. Vertical annotations identify the first recorded observation, not the exact Patient stop or internal transition instant. Source SHA-256: 7e06843fe430734f...
